

# Medibank No Gap In-hospital Diagnostic Locations

If you require blood tests, ultrasounds, scans or X-rays during your hospital stay, Medibank has arrangements with the following pathology and radiology providers to ensure you do not have an out-of-pocket cost for most Medicare recognised diagnostic services performed during your hospital stay.

## Pathology & Radiology Diagnostic Providers

- Sonic Pathology (operating under Barratt and Smith Pathology, Capital Pathology, Clinipath Pathology, Clinipath Laboratories, Consultant Pathology Services, Douglass Hanly Moir Pathology, Epworth Pathology, Melbourne Pathology, Melbourne Skin Pathology, Northern Pathology, Southern Pathology Services, Sullivan Nicolaides) & Australian Clinical Labs
- I-MED Radiology & Lumus Imaging

Our 'no gap' providers operate at a large number of hospitals, including but not limited to the following hospitals. We recommend contacting the hospital prior to your admission to confirm whether you will be subject to out-of-pocket expenses for diagnostic services, as they know who their providers are and how they charge.
